# Strengthen: improving poorly performing contracts

- NHS PCSE Now meeting 40 out of 41 key service levels on PCSE; 4 other KPIs to be agreed
  - Targeting break even by end 2020 following further transformation
    - Paper to electronic self-service
    - Consolidate existing IT systems for 3 services
  - Contract still challenging and collectively not meeting recruitment targets
    - New recruiting system early benefits in speed of processing and conversion
    - Regular soldier applications at 5 year seasonal peak (April-July)
    - Partnership re-set with direct CEO involvement and joint commitment with Army to drive improvement from here
- mobilcom- Failed to deliver original transformation to timetable
  - Digital transformation re-planned and 1<sup>st</sup> significant milestone of new contact centre platform delivered to part of the operation
  - Operations performing but still challenges to meet increasing targets
  - Targeting break even by end of 2020

## Disclaimer

This announcement is prepared for and addressed only to the Company's shareholders as a whole and to no other person. The Company, its Directors, employees, agents and advisers accept and assume no liability to any person in respect of this trading update save as would arise under English law. Statements contained in this trading update are based on the knowledge and information available to Capita's Directors at the date it was prepared and therefore facts stated and views expressed may change after that date.

This document and any materials distributed in connection with it may include forward-looking statements, beliefs, opinions or statements concerning risks and uncertainties, including statements with respect to Capita's business, financial condition and results of operations. Those statements and statements which contain the words "anticipate", "believe", "intend", "estimate", "expect" and words of similar meaning, reflect Capita's Directors' beliefs and expectations and involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future and which may cause results and developments to differ materially from those expressed or implied by those statements and forecasts.

No representation is made that any of those statements or forecasts will come to pass or that any forecast results will be achieved. You are cautioned not to place any reliance on such statements or forecasts. Those forward-looking and other statements speak only as at the date of this trading update. Capita undertakes no obligation to release any update of, or revisions to, any forward-looking statements, opinions (which are subject to change without notice) or any other information or statement contained in this trading update. Furthermore, past performance cannot be relied on as a guide to future performance.

No statement in this document is intended as a profit forecast or a profit estimate and no statement in this document should be interpreted to mean that earnings per Capita share for the current or future financial years would necessarily match or exceed the historical published earnings per Capita share.

Nothing in this document is intended to constitute an invitation or inducement to engage in investment activity. This document does not constitute or form part of any offer for sale or subscription of, or any solicitation of any offer to purchase or subscribe for, any securities nor shall it or any part of it nor the fact of its distribution form the basis of, or be relied on in connection with, any contract, commitment or investment decision in relation thereto. This document does not constitute a recommendation regarding any securities.
